My name is Belinda Soderberg and I'm reaching out to quilt shops to let them know that I have 2 classes currently available. I've included the descriptions below. I'm looking forward to hearing from you and thank your consideration.

### *Hot Color Applique*

*Lily*

In this class the students will have fun exploring their creative side while learning to apply color to fabric with my "Hot Color Applique" technique. They will be using a combination of Crayola Crayons and colored pencils. This class is very fun and relaxing as there is no piecing involved just a lot of fun playing with color.

I look forward to hearing from you.

## *"Paperless" Paper Piecing*

*Starburst & Stripes*

**30" x 30"**

This class is for those who love the precision of paper piecing but don't love dealing with sewing through the paper and then having to remove it when they are done? Then this "Paperless" Paper Piecing class is for you.

While creating a gorgeous wall hanging, the students will learn how paper piecing can be easier and less tedious. Once they've learned this technique they can apply it to other paper pieced patterns.

I look forward to hearing from you.

Larger Picture of the Hot Color Applique Workshop Project:

My grand daughter made her first Hot Color Applique creation this past weekend (07/27/19). She made her mommy's favorite rose and it will be her birthday present. Now she's just waiting for her personal quilter to quilt it for her. She doesn't want her mommy's birthday present to be her first FMQ. I thought I would include a picture of her rose so you can see another example of the Hot Color Applique.

Feel free to contact me with any questions you might have.

Have a great day!
